WORK EXPERIENCE

Network Engineering

Shunya IoT AI Research Private Limited, Virtual

Internship • May 2023 - Jun 2023 (1 month)

This internship was about network and firewall configuration which mainly involved assignments related to learning different firewall configuration software like nft tables in ubuntu os and learning about it and also using bind to implement dns.

POSITIONS OF RESPONSIBILITY

I'm currently leading a team of six for hackathon to be held at our college and later if selected qualify for Smart India Hackathon.

I'm currently Associate Department Head at our college Debate Society - Tark.

My main area of focus is admin and logistics which mainly involves getting permissions and coordinating venue reservations and manage events under me.

TRAININGS
